

TOOL CARRIER MM180B

TECHNOLOGY BY TRE EMME SRL
A COMPANY OF THE MERLO GROUP

BUILDING WITH CONFIDENCE.

TOOL CARRIER MM180B HEN THE GOING GETS TOUGH

For those who need versatile, high-performing and user-friendly machines for heavy-duty operations.

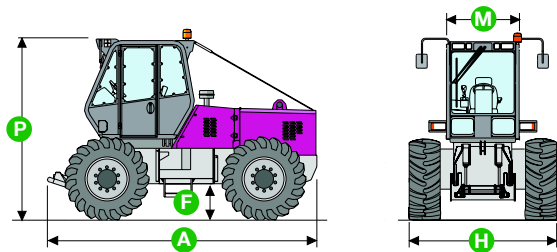

Their preferred application field is forestry and forest management.

Their compact sizes allow them to be used in narrow spaces, while still delivering the same performance as premium models.

MM180B tool carrier, an exclusive value added

- Front and rear hydraulic three-point linkage *
- Front hydraulic PTO (300 l/min)
- 6-cylinder engines with up to 147 kW (200 HP) power
- Electronically managed hydrostatic transmission with 40 kph maximum speed
- Permanent four-wheel drive, four-wheel steering with three steering modes
- Front and rear 100% differential locking
- Cab compliant with Rops/Fops standards, equipped with type-approved shockproof windows
- Grammer seat with a pneumatic suspension

* Some devices may be available as options.

DIMENSIONS	MM180B
A (mm)	4500
F (mm)	530
H (mm)	2300
M (mm)	1200
P (mm)	2970

CHARACTERISTICS AND PERFORMANCE	MM180B
Weight (kg)	6800
Low-emission (Tier 3) engine	Deutz TD Intercooler
Power (kW/HP) – Cylinders (No.)	147/200 - 6
Maximum speed (kph)	40
Reversible cooling fans	p
Hydrostatic transmission	p
Permanent four-wheel drive	p
Four-wheel steering	p
Oil-bath disk service brakes	p
Automatically locking parking brake	p
Cab compliant with ROPS/FOPS / air conditioning system	p
Grammer seat with a pneumatic suspension	p
Grammer Actimo XXL seat	p
Type-approved shockproof windows	p
Eight cab working lights (4 f. + 4 r.)	p
Proportional joystick control	p
Front three-point linkage (4,200 kg)	p
Rigid rear three-point linkage (3,500 kg)	p
Front-mounted VSS attachment plate	p
Front hydraulic PTO	300 l/min – 420 bar
Two rear hydraulic connections	p
Rear winch with a radio control	p
Front/rear differential locking (100%)	p
24 V electrical equipment	p
Tyres	540/65-26.5 Alliance

P Standard. p Option.
